Apple has released a substantial update for iPad Pro 2. Apple iPad Pro 2 comes with major improvements, including new Apple Pencil compatibility. This is the first Apple iPad to support the Apple Pencil, which is made by Jony Ive. The company also announced that the new iPad will be available starting on Saturday. Features: • New Apple Pencil – The new Apple Pencil is designed to give the iPad Pro 2 artists' experience with the strength of the leading professional tools and the beauty of natural handwriting. This improved version of the Apple Pencil is also the first stylus capable of offering pressures in different digital formats. • Stylus Support – Users can now use Apple Pencil to tap icons and even sign documents. The new Apple Pencil can be used on all of the same apps as the Apple Pencil from the previous model. • New Video Recording – Users can now film a memorable moment with their friends or family using Live Photos and the FaceTime Video. • New Linked Apple Watch – Apple provides a toolkit, which allows for synchronized Apple Watch and iPad Pro 2. This has also been confirmed by the Apple CEO Tim Cook on the last WWDC. • New Apple TV app – Apple now supports the TV app in its latest version. • Apps from the App Store – The company has also added a new TV app to its new version. The iPad Pro 2 app includes a recently released app, which makes the Apple TV experience more simple to use and easier. Development Apple has made it public that the new iPad Pro 2 will be available starting on Saturday. Then Apple introduced the new iPad Pro 2. Apple has also announced that the new iPad will be available starting on Saturday, October 19, 2017. The new iPad will be available in two sizes with improved storage, including 256GB and 512GB. The new iPad Pro 2 will also pack the latest Apple A9 Processor, and will be available in five colors: black, silver, gold, space gray and rose gold. Another feature is the upgraded 12MP camera and a 7.9-inch display. The new iPad Pro 2 will be available starting from $799 for the 128GB variant and $999 for the 256GB variant. The 512GB variant will set you back $1,299, so it's clear you get a lot more storage. Apple Watch, Siri, and iPhone are still the only way to get biometric authentication, and
